FOR IMMEDIATE RELEASE

Date: Tuesday, July 1, 2025

Road Construction Update: Sections of County Road 10 in Jefferson Twp. to Close for Chip Sealing

The Logan County Engineer's Office announces that county forces will be chip sealing the County Road 10 hills in Jefferson Township beginning **Monday, July 7, 2025, at 8:00 a.m.** and is expected to conclude by **Wednesday, July 9, 2025, at 8:00 a.m.**, weather permitting.

On Monday, July 7, 2025 beginning at 8:00 a.m. County Road 10 will be closed between US 33 and CR 5 with an overnight closure.

On Tuesday, July 8, 2025 beginning at 8:00 a.m. County Road 10 will be closed between CR 55 and US 33 with an overnight closure.

During these operations, emergency and local traffic will be maintained using flagging personnel. No thru traffic will be permitted. Motorists are encouraged to plan alternate routes.

When traveling through these work areas, we ask all drivers to **slow down and use extra caution**. You will encounter loose stone for a few days, and please note that these areas will have **unmarked no-passing zones until fall**.

For optimal safety and to help the chip seal cure effectively, motorists are encouraged to travel a maximum of 20 mph on the first day the chip seal has been applied and to travel a maximum of 30 mph for at least seven days after the chip seal has been applied.

Please remember that all scheduling is subject to weather conditions. We appreciate your understanding and cooperation as we work to improve our roads, and we apologize for any inconvenience this may cause.

Said updates can be viewed on our interactive map at www.lceo.us by clicking on "Construction Updates"
