## FOR IMMEDIATE RELEASE

**Date:** Wednesday, July 23, 2025

### Road Construction: County Roads to Undergo Fog Sealing

The Logan County Engineer's Office announces that county forces will be fog sealing the below roads beginning **Monday, July 28, 2025, at 7:00 a.m. through 5:00 p.m.** and **Tuesday, July 29, 2025, at 7:00 a.m. through 5:00 p.m.**, weather permitting. There will be no overnight closures.

**During these operations, emergency and local traffic will be maintained using flagging personnel. No thru traffic will be permitted. Motorists should anticipate delays and are encouraged to plan alternate routes.**

When traveling through these work areas, we ask all drivers to **slow down and use extra caution.** You will encounter fog seal for a few days, and please note that these areas will have **unmarked no-passing zones until fall.**

For optimal safety and to help the fog seal cure effectively, motorists are encouraged to travel a maximum of 20 mph on the first day the chip seal has been applied and to travel a maximum of 30 mph for at least seven days after the chip seal has been applied.

#### ***Roads Scheduled for Fog Seal:***

<b>Roads Name</b>	<b>From / To</b>	<b>Date(s)</b>
County Road 153	Zanesfield Corp. to SR 292	07/28/2025
County Road 153	CR 28 to Middleburg Corp.	07/29/2025

Please remember that all scheduling is subject to weather conditions. We appreciate your understanding and cooperation as we work to improve our roads, and we apologize for any inconvenience this may cause.
