FOR IMMEDIATE RELEASE

Date: Wednesday, August 13, 2025

Road Construction: County Road 10 to be Closed for Temporary Centerline Striping

The Logan County Engineer's Office announces that county forces will be painting the below road beginning **Monday, August 18, 2025, at 8:00 a.m. through 4:00 p.m.** weather permitting. There will be no overnight closures.

During these operations, emergency and local traffic will be maintained using flagging personnel. No thru traffic will be permitted. Motorists should anticipate delays and are encouraged to plan alternate routes.

When traveling through these work areas, we ask all drivers to **slow down and use extra caution**. You will encounter fog seal for a few days, and please note that these areas will have **unmarked no-passing zones until fall**.

For optimal safety and to help the paint dry effectively, motorists are encouraged to travel a maximum of 20 mph on the first day the paint has been applied.

Roads Scheduled for Fog Seal:

Roads Name	From / To	Date(s)
County Road 10	CR 55 to US 33	08/13/2025

Please remember that all scheduling is subject to weather conditions. We appreciate your understanding and cooperation as we work to improve our roads, and we apologize for any inconvenience this may cause.
